Annex 2 – Preparatory phase: CTI staff questionnaire

This survey aims to investigate the needs and previous experience of the CTI visiting staff units involved in the project. The staff units will examine a particular aspect of lifelong learning in another country. The questionnaire has, as main objective, to meet the needs of the staff and to let them know in due time to the EU host organization in order to make the training period as more effective as possible.

All information collected through this form will be treated with confidentiality and solely for the sake of the aforementioned purpose.

Questions

Basic information on participant
